Subject: American Revelry, LLC- 24-25 PACK Loss Control Recommendations DUE 9/17/24

Good afternoon, Denise.

A Loss Control Inspection was recently conducted at 279 W Hidden Creek Pkwy, Burleson, TX 76028-6077. The inspector with Society Insurance has returned

with the following recommendations at this time:

- Regular cleaning maintenance of kitchen hood & duct, pizza oven, fire hazard regarding kitchen apparel items

The carrier requires a written and signed compliance letter stating that these items have been complied with. In the event the recommendation requires extensive work, a written statement with the schedule and plan for repairs will suffice, followed by confirmation at a later date once the work has been completed along with copies of receipts for the completed work. Please note the carrier is requiring a response by date.

If a response is not received, the carrier may cancel the policy. Please let us know if you have any questions.

Have a great day!
